Premium Feed-In Tariff Scheme Terms

Preamble

These Terms set out the conditions on which we will purchase electricity from you, our Customer, if you are a Qualifying Customer for the Premium Feed-In Tariff scheme, and will apply in addition to your Contract without limiting, varying or excluding the operation of your Contract in any way.

These Terms may only be varied with your express consent, except where changes occur to the Energy Laws, in which case these Terms should be taken to be automatically amended. If any amendment materially affects your rights or obligations, we will advise you as soon as possible after the Energy Laws change. In the case of any inconsistency between the Energy Laws and these Terms, these Terms will prevail to the extent allowed by the Energy Laws. Any inconsistency not allowed by the Energy Laws will be void.

Unless otherwise specified, capitalised words used in these Terms are defined in clause 9.

1. About your PFit Agreement

1.1 Are you a Qualifying Customer?

- (a) To be a Qualifying Customer, you must:
 - (i) purchase electricity from us, for a single Supply Address or multiple Supply Addresses in aggregate, at a rate of 100MWh or less per annum;
 - (ii) engage in the generation of electricity:
 - (A) at a Supply Address that is your principal place of residence through one Qualifying Solar Energy Generating Facility; or
 - (B) at one or more Supply Addresses that are not your principal place of residence (such as business premises) through a Qualifying Solar Energy Generating Facility at each of those Supply Addresses;
 - (iii) have been exempted by Order under section 17 of the Electricity Act from the requirement to hold a license in respect of the generation of electricity for supply and sale; and
 - (iv) have a suitable meter type and tariff at your Supply Address.
- (b) If you are receiving the Premium Feed-in Tariff, you must notify us 14 Business Days in advance of any change to your Qualifying Solar Energy Generating Facility that increases its generating capacity to more than 5 kilowatts.
- (c) You will cease to be a Qualifying Customer if you change your Qualifying Solar Energy Generating Facility by increasing its generating capacity:
 - (i) to more than 5 kilowatts; or
 - (ii) by adding extra solar panels, even if the overall system size remains 5 kilowatts or less.
- (d) If we determine that you are not, or cease to be, a Qualifying Customer, we will contact you to advise you of any other options you may have.

1.2 When does your PFIT Agreement start?

- (a) Subject to clause 1.2(b) and (c) and any applicable cooling-off period in your Contract, we may agree a start date with you for your PFIT Agreement.
- (b) Your PFIT Agreement will start on the later of:
 - (i) the date we start supplying electricity to your Supply Address; and
 - (ii) if you are already our Customer, the date:
 - (A) you accept the offer set out in your Electricity Plan and satisfy any relevant pre-conditions; or
 - (B) we receive your completed Schedule or you agree to the Terms over the phone or online.

- (c) You must give us your express consent to enter into your PFIT Agreement. This means that if we are selling you electricity under our Standing Offer, you must enter into a Market Agreement with us, or otherwise provide us with your signed consent, and satisfy any relevant preconditions before we can purchase electricity from you under the Premium Feed-In Tariff Scheme.

2. About your Premium Feed-In Tariff

2.1 What is your Premium Feed-In Tariff rate?

- (a) Your Premium Feed-In Tariff rate is not less than 60 cents per kilowatt hour, excluding GST.
- (b) From time to time we may choose to credit you an additional amount for the electricity you feed back into the grid. We may withdraw this additional credit at any time by notice to you, in accordance with clause 2.1(e).
- (c) Within 10 Business Days of a request from you, we will give you information (in writing if you require) about the feed-in tariffs that we have available.
- (d) If your generation of electricity from a Qualifying Solar Energy Generating Facility relates to a business enterprise carried on by you and you are registered for GST, you must provide us with your ABN. On receipt of your ABN, we will provide you with a 10% credit for the GST component of the Charges, in addition to the Premium Feed-In Tariff rate detailed in clause 2.1(a).
- (e) We will give you notice of any variation to the Premium Feed-In Tariff rate. The notice may be a message on your bill. We will notify you as soon as practicable, but by no later than your next bill. A notice of a variation to our tariffs under your Contract is taken to be a notice under your PFIT Agreement.

2.2 How do we determine your Premium Feed-In Tariff payment?

- (a) Unless you expressly consent otherwise, your Premium Feed-In Tariff payment will be based on the amount of electricity you export to the grid during a Billing Cycle.
- (b) To enable us to determine your Premium Feed-In Tariff payment under clause 2.2(a), you must:
 - (i) have a national electricity market compliant meter that records your supply of electricity to the grid; and
 - (ii) comply with clause 2.2(c) so that your meter can be read.
- (c) You must allow the Responsible Person, or the Responsible Person's representative, safe, convenient and unhindered access to your Supply Address and meter, for the purpose of reading your meter (and for connection, disconnection, reconnection, maintenance and repair). The person who requires access will carry or wear official identification and on request will show that identification to you.
- (d) If a reading of your meter cannot be obtained during any Billing Cycle and the Responsible Person provides us with an estimate of the amount of electricity you export to the grid, your Premium Feed-In Tariff payment will be based on that estimate.
- (e) If your Premium Feed-In Tariff payment is estimated under clause 2.2(d) and we later receive an actual reading of your meter, we will adjust your next bill under clause 2.5 to make up the difference between the credit you received and the credit you should have been provided. We will also use our best endeavours to ensure that the meter is read at least once in any 12 month period.

2.3 When do we pay you for the electricity you export?

- (a) Subject to clause 2.3(b), we will apply the Premium Feed-In Tariff as a credit against the charges payable by you in each Billing Cycle, to pay you for any excess electricity you export to the grid, until 1 November 2024 (subject to your continued eligibility).
- (b) We will not pay you for any electricity you export if a reading of your meter cannot be obtained and the Responsible Person does not provide us with an estimate of the amount of electricity you export to the grid under clause 2.2, or if some other event occurs that is outside our control.

2.4 What if your Premium Feed-In Tariff credit exceeds our Charges?

If your Premium Feed-In Tariff credit exceeds our Charges in any billing period, we will add the additional credit to your next electricity bill and carry over further credits to future electricity bills until the excess credit is extinguished. If there is any excess credit remaining when your Contract ends, we will pay you the equivalent amount.

2.5 What if your Premium Feed-In Tariff credit is more or less than it should be?

If we over-credit or under-credit you for the electricity supplied by you back into the grid, we will rectify this error in accordance with the Energy Laws.

3. Billing and Payments

3.1 What do you have to pay?

In addition to the Charges set out in your Contract, you will need to pay any distributor and metering coordinator imposed charges. Upon your request we will inform you of the amount of any distributor and metering coordinator imposed charges before you enter into your PFIT Agreement.

3.2 Bill reviews

If you ask us to, we will review any credits applied to your account as required by the Energy Laws.

3.3 Your historical billing information

 - (ii) for more than one Qualifying Solar Energy Generating Facility at a Supply Address that is your principal place of residence;
 - (iii) if your aggregate annual consumption for Qualifying Solar Energy Generating Facilities at one or more Supply Addresses that are not your principal place of residence exceeds 100 megawatt hours per annum;
 - (iv) if you vacate your Supply Address; or
 - (v) if you enter into a new electricity contract with either us or another retailer for the supply and sale of electricity to your Supply Address, in which case clause 4(d) will apply.
- (c) Subject to clause 4(d), you may end your PFIT Agreement without notice.
- (d) Termination of your PFIT Agreement will not become effective until the earlier of:
 - (i) if you enter into a new Market Agreement and PFIT Agreement with us, the date the new agreements commence;
 - (ii) if you enter into a new electricity contract with another retailer for the supply and sale of electricity to your Supply Address, the date the other retailer becomes responsible for offering to purchase the electricity you generate; or
 - (iii) if your Supply Address is disconnected, the date when you no longer have a right under the Energy Laws to be reconnected.

- (e) If your Electricity Plan contains a Benefit Period:
 - (i) between 20 and 40 Business Days before the Benefit End Date, we will notify you of the date that the Benefit Period is due to expire, the options available to you and the tariff and terms and conditions that will apply after that date if you do not exercise any other option; and
 - (ii) the PFIT Agreement will continue after the Benefit End Date on the tariff and terms and conditions notified, without further need for written agreement, provided the tariff and terms and conditions have taken effect in accordance with section 40H of the Electricity Act.

5. Force majeure

If an event occurs which is outside the reasonable control of us or you, and either you or we breach your PFIT Agreement due to this event only, we will deal with the breach in accordance with the Energy Laws.

6. Complaints

We will handle any complaint by you in accordance with your Contract, or if no complaints handling process is specified, we will proceed in the manner specified in the Energy Laws.
